

Who's building this House? You are!

Each of the three pigs built their house from a different material. If you could build any house you like, what would you build? Would you make it out of bricks or wood? steel or chewing gum? Where would you build it? In the city? on top of a mountain? on the bottom of the ocean or on the moon? Let your imagination run free and draw a picture in the box of your amazing house. Then write a story about who lives there.
